

Saint Andrew's and St. Paul's Ecumenical Shared Ministry

Mission Statement:

Rooted in the teaching of Jesus Christ, we are a welcoming community of faith where all can find safety, belonging, and nourishment for mind, body, and soul. Together we celebrate the diversity of God's creation, support one another in love, and seek to model God's grace in the world.

Tag Line:

Here we are welcomed, fed, and called to serve others.

Our Values:

Learning - Growing in the teachings of Jesus Christ is critical for a vital and living faith. That this growth in Christ is a lifelong process.

Hospitality - Jesus welcomed people of all ages and stages of life, regardless of their life experience or needs. As a Christian community, we seek to do the same. This means we will challenge our assumptions and learn to walk with each other.

Praise and Service - Worship and service are intertwined and central to how we express our faith. We are called to be active participants in our community of faith and the wider world that God has created. Generously giving of our time, talents and treasures for God's justice and kingdom.

Wisdom - Scripture is the primary source for our faith, to which we bring our lived experiences and reason. Through the Holy Spirit, the ancient texts written for a different culture and time and our lived experiences, are illuminated and guide our faith life.

Diversity - God's church is strengthened when people work together, honouring our differences as gifts from God. We believe that the health of one part of the body of Christ affects us all.
